

# How Hill Day Visits

We have lots of fantastic options for visits. We offer a range of activities, the most popular include:

**Pond Dipping**- Getting up close to the creatures that live in our dykes.

**Nature Trail**- A walk around the reserve looking at several different habitats and thinking about the plants and animals that live there.

**Toad Hole Cottage Museum**- Children step back in time when they go into our Victorian marshman's cottage.

**Thatching** - A hands on experience giving children a chance to work together and get to grips with this traditional craft.

**Environmental Art** - Getting creative and making woodland masterpieces.

**Hawks and Blackbirds** - A dynamic educational food chain game giving children a clear understanding of food chains and predator-prey relationships.

Day visits usually run from 10am-2pm with a short lunch break. Three activities are included and a standard programme is as follows:

10am- Arrive, toilet break, welcome and introduction

10:15- First activity

11:15- Second activity

12:15- Lunch

12:45- Third activity

1:45- Collect up belongings, toilet stop and good bye

2:00 Depart

This year we are luckily enough to have the Wherry Hathor with us during June and July and we will be offering 'Local History' days including going aboard Hathor, a visit to Toad Hole Cottage Museum and thatching.

We can accommodate a maximum of 60 and a minimum of 20 children on day visits

If you have any further questions or would like to make a booking please don't hesitate to get in touch!
